

- (1) Have on site more than one thousand five hundred (1,500) waste tires at any one time; or
  - (2) Store more than five hundred (500) waste tires outdoors at their facility.
- (F) Waste Tire Generators must immediately notify the Solid Waste and Materials Management Program within the Colorado Department of Public Health and Environment in the event of a fire or other emergency involving waste tires. Within two (2) weeks of this notification, the Waste Tire Generator must submit a written report describing the emergency to the Solid Waste and Materials Management Program. This report must describe the origins of the emergency, the actions that have been taken, actions that are currently being taken or are planned, results or anticipated results of these actions, and an approximate date of resolution of the issues generated by the emergency.
- (G) Waste Tire Generators must arrange for the commercial hauling or mobile processing of waste tires only with a waste tire hauler or mobile waste tire processor who is currently registered pursuant to these Regulations.
- (H) Waste Tire Generators may accept waste tires.
- (I) Waste Tire Generators that sell replacement tires in Colorado must not refuse to accept from a customer, at the point of transfer, motor vehicle or trailer waste tires of the same general type and in a quantity at least equal to the number of new tires purchased.
- (J) Waste Tire Generators must maintain records for three (3) years showing how many waste tires they generated and documenting to whom they transferred the waste tires. For loads of 10 or more waste tires, the waste tire manifesting provisions of this Section 10 satisfy this requirement. For loads of 9 or less waste tires, Waste Tire Generators may use Form WT-10, available on the Department's website.
- (K) Waste Tire Generators who accumulate at any one time more than hundred (100) waste tires must maintain security measures to prevent unlawful access to waste tires.
- (L) Waste tires must not create nuisance conditions that could attract vectors of disease.
